

Energy Suppliers Online

ESO is a user-friendly directory that provides businesses, like yours, with ultimate exposure to key energy industry decision makers for 12 months.

WHY LIST YOUR BUSINESS THROUGH ESO?

1. Energy industry decision makers have reliably sourced goods and services through our directories online for almost a decade.
2. Advertisers and end users both benefit from ESO's comprehensive, inexpensive and easy-to-use database.
3. It is promoted regularly through The Australian Energy Review newspaper and dedicated social media feeds.
4. With more than 1300 categories – from workshop supplies through to high-end consultancy services – ESO is the most complete directory of goods and services to the Australian resources industry.
